

The Babylonian Economic System

As we enter the year 2007, where are we in relationship to Gods prophetic time clock, socially, politically, economically, and militarily. In his book the Babylonian Economic System, Ralph Tankersley will take you through 4000 years of recorded history, from a Historical and Biblical perspective. There you will discover the origins of the American economy, and how this economy has operated down through history in nation after nation, kingdom after kingdom, empire after empire. In the world today, many believe and teach, that America is not recorded in scripture. Nothing could be further from the truth! In the Babylonian Economic System, Ralph Tankersley will walk you through the scriptures, show you where our economy is recorded in scripture, how and when these scriptures were fulfilled in the life of our nation. Therefore, if you are a Bible Believing Christian, interested in the fulfillment of prophecy, please read the Babylonian Economic System. This is the only economic system that has survived down through the centuries, from the dawn of time to the present time. This book change your life, not only from an economic perspective, but also from a spiritual perspective.
