

Tie Died: a quilting cozy

Sixty-seven year old Sarah Miller sat among her unpacked boxes reliving the loss of her husband, her young grandson, and now the place that had been home for forty two years. Everything she unpacked carried a memory, some warm and some painful. But, Sarah is a survivor. As she reaches out into the retirement community that is to become home, she finds friends, activities, new hobbies, and possibly a love interest. When one of her new friends is murdered, she and her feisty friend, Sophie, are determined to find the killer.
