This review is from: The 25 Weirdest Animals in the World! I downloaded this book on a whim and am glad I did. The

animals featured are fascinating, as are the accompanying photos. I really like the links to videos at the end of each segment. Readers learn the habitat, diet and description of each creature. Young readers will certainly enjoy this book. Even this older reader was entertained by it. 5.0 out of 5 stars My son loves this book! By K. Smith Taaa!
