

The Vaikunta Perumal Temple at Kanchipuram

Accessible to general reader, derived from the original *The Body of God* sculptures are thoroughly discussed and accompanied with related stories. Dr D Dennis Hudson's path-breaking book presents his extraordinary interpretation of the Vaikunta Perumal Temple in Kanchipuram as a three-dimensional mandala. His insight, based on Tirumangai Alvars poetry and a close study of the Bhagavata Purana, illuminates layers of meaning embodied in the architecture and sculpture of his temple. This volume is a summary interpretation for the general reader, of a larger academic work entitled *The Body of God*, published in the US. It is the inspired response of a scholar who has been passionately involved with his subject for several decades.
