

## Accidental Reunion

Dr. Declan Haversham hasn't seen Lila Bailey since she left him standing at a bus stop in his boxer shorts eight years ago! When once he had laughed at the idea, now he discovers that his scatty, impulsive Lila has become a successful emergency nurse. Declan knows that Lila is still angry with him for letting her down all those years ago, but his instincts tell him that their unexpected reunion means as much to her as it does to him. He just has to persuade Lila to give him one last chance to make their dreams come true
