

How to Use Macromedia Flash MX and ActionScript (2nd Edition)

How to Use Macromedia Flash MX and ActionScript is the simplest and most visual way to learn to create compelling Web animation. More than 100 two-page full-color spreads illustrate and clearly explain each Flash task step by step, from entry-level, beginning concepts to advanced techniques for experienced designers. The book includes expanded coverage of ActionScript so that readers can make greater use of Flash's capabilities. Flash can be a somewhat intimidating program for the beginning user, but How to Use Macromedia Flash MX and ActionScript, with its visual, step-by-step approach, makes it simple to learn the basic techniques involved in using Flash.
