

## Adventures of Riley #3: South Pole Penguins

An award-winning, innovative 12-book series that captures the wonder of conservation through a blend of photography, illustration, fiction, and nonfiction. Are the penguins of Antarctica getting their fill of krill, or has climate change reshaped the Antarctic food web? Riley joins Uncle Max on a voyage to the South Pole to find out! Home to whales, seals, penguins, and 90% of the world's ice, Antarctica is the coldest place on Earth. Will Riley get trapped by the fierce Antarctic winds? It's an adventure like no other as Riley learns valuable lessons about survival and cooperation.
