

Battle Lines

The gripping follow-up bestseller to *War Torn*. The casualties of war aren't only on the battlefield...Coming back from war is never easy, as Sergeant Dave Henleys platoon discovers all too quickly when they return from Afghanistan. Home can be an equally searing battlefield. When they are summoned back to Helmand to protect the US team destroying the opium crop, it is almost a relief to the soldiers, if not to their wives, girlfriends and families who are turned inside out once more by their mens sudden departure. And now danger lurks around every corner -- for Daves team who must learn new skills to survive, and their loved ones in England, whose lives be ripped apart by equally deadly weapons -- blind prejudice, acid jealousy, ugly rumour. Like *War Torn*, *Battle Lines* is at once a gritty, close-to-the-action thriller and an involving story of the stresses and strains which families and relationships suffer when separated by thousands of miles and a wealth of experience. This is everyday life made brilliantly real by Andy McNab, whose continued involvement with the men and women of the British Army gives this extraordinary novel its authenticity, its toughness and its heart. This is real life brought brilliantly alive by Andy McNab, whose continued involvement with the men and women of the British Army gives this extraordinary novel its authenticity, its toughness and its heart.
