

How to become a Self-Directed Day Trader: Easiest Fastest Method for the Self-Directed Beginner Trader to Learn

I like to write my books for brand new investors and traders who have zero market knowledge and need the best beginner information they can get and have it all in one place at one time so they do not have to do a bunch of searching around and waste a lot of time doing it. This book is for beginners who are looking for edge-building, reality-based concepts that you wont find in the book store, courses or in a trading forum and it is all in one place at one time in this book and can put you on the fast track to making money right away as a self-directed trading beginner. The information in this book will give you what you need to be successful in making money by investing and trading in any of todays financial markets if you do it the right way from the start. Every new day in this business gives you the chance to make money every single trading day of your life no matter where you are in the world. As long as there is Wi-Fi or internet there you can make as much money as you want! I honestly do not know of any other business which offers you the chance to make an unlimited income and be able to do it from anywhere you chose to be, do you? The beginner information in this book is some of the most important information you will ever read in your life about trading and investing so I encourage you to read it slow and take notes if you can or if you bought the paperback of this book you can just high lite the sections you want to go back and read them again. If you are a beginner and have zero experience and are looking for your first basic information as to how to get started and what to study first and foremost to become a self-directed trader this book is for you. The information in this book is worth its weight in gold and you are basically getting it all in one place at one time. It would take someone years to figure out all of this information and then put it all together into a workable plan to make money in the live financial markets

using their hard earned real money. All the information you need is in this book you just need to learn it and then use it!
