

Back Roads (Warner Forever Book 1)

A woman of the law. Sensible, capable, and always in control, Leigh Mitchell is the local sheriff of her sleepy Indiana home town. But Leigh is turning thirty and feeling restless. Something needs to change. She needs to change. So when a sexy stranger asks her to ride the Ferris wheel one moonlit night, she takes a leap of faith-and falls for Will Scott, dangerous secrets and all. By turns passionate and tender, Will reveals little about his past and less about his future, even when the town suspects him of committing a terrible crime. Now on the uncertain back roads of life, take-charge Leigh must learn to let go...and trust not only the cold dictates of the law but the hot-blooded demands of her heart.
