The essential record book for firearm dealers and collectors. Designed with the specific requirements of firearm dealers, collectors, and buyers in mind, Skyhorse Publishings Firearms Acquisition and Disposition Record Book is the perfect log for tracking firearm purchases and sales. Approved by the ATF, the log satisfies the ATF requirement that firearm dealers keep a bound book recording their firearm acquisitions and gives enough space for each entry to be logged neatly and correctly, making it easy to read and easy to record. The log gives space for the caliber of firearm, serial number, price, and manufacturer, among other basic information, for both firearm acquisitions and dispositions. Also included is a space for the National Criminal Instant Background Check System, or NCIS, number, something that you wont find in other log books. With space for over one thousand entries and professionally done with hardbound covers and lots of entry space, this book is durable enough to be the long-lasting log that suits any firearm dealer, from large retailers to smaller dealers. Protect yourself and your shop by putting your trust in Skyhorses Firearms Acquisition and Disposition Record Book. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts.
