

Bumpers and Beignets (A Thandie and Eloise Culinary Cozy Mystery Series Book 1)

Two long-time friends. One ancient RV. A penchant for southern cooking. And a missing girl. Thandie Bartlett misses the open road. Since the passing of her husband, she has been planning an epic road trip. The RV that has been sitting in her driveway for twenty years has been tuned up and is ready to go. She is just missing one thing. Her best friend. When the 72-year-old convinces her long time friend and neighbor, 68-year-old Eloise Mueller, to take a road trip with her in search of the best southern food across the nation, the two quirky women are in for a treat. But their plans will have to change when they get wrapped up in a mystery to find a waitress's missing daughter. These aren't your typical sleuths, and their good humor and sarcastic banter might be the key to solving this case and having some great meals along the way.
