

## Fatal Storm: The Inside Story of the Tragic Sydney-Hobart Race

A gripping, first-hand account of the worst sailing disaster in recent history! Fatal Storm is a first-hand, edge-of-the-seat account of the awesome power of nature. Written by a seasoned journalist who covered the race, it contains haunting images that are both vivid and unforgettable--the scream of the wind, the roar of the waves, the last sight of a lost crewmember floating face down while his boat is swept helplessly away. Above all, it is a tale of raw adventure.
