

BWWM: Italian Billionaires Holiday Bride (BWWM Italian Billionaire Holiday Romance) (BBW Pregnancy Short Stories)

New Release with Bonus Stories
Bliss and Ricardo have a strange relationship: they are husband and wife for a couple of days every year around Christmas. In the rest of their time they are just close friends and never really cross the line that separates sympathy from passion. Things get a little complicated as the holiday season approaches: Ricardos family is getting suspicious about his wife and wants to see some proof of that supposed to be real marriage. They decide to get married for real in order to be able to show the paperwork as proof and also forge some evidence, like pictures on which they seemingly have a great time together. Problem is that the pretending of having a great time together results in really having a great time together and once that fine line is crossed there is no turning back. This is a standalone romance with HEA! No Cliffhangers! WARNING: This eBook contains mature language and content. It is intended for 18+ readers only!
