

By the Lake

Widely considered to be the finest Irish writer of fiction at work today, John McGahern gives us a new novel that, with insight, humor, and deep sympathy, brings to vivid life the world and the people of a contemporary Irish village. It is a village flirting with the more sophisticated trappings of modernity but steeped in the traditions of its unforgettable inhabitants and their lives. There are the Ruttledges, who came from London in search of a different life on the edge of the village lake; John Quinn, who will stop at nothing to ensure a flow of women through his life; Jimmy Joe McKiernan, head of the local IRA as well as town auctioneer and undertaker; the gentle Jamesie and his wife, Mary, who have never left the lake and who know about everything that ever stirred or moved there; Patrick Ryan, the builder who never quite finishes what he starts; Bill Evans, the farmhand whose orphaned childhood was marked with state-sanctioned cruelties and whose adulthood is marked by the scars; and the wealthiest man in town, known as the Shah. A year in the lives of these and other characters unfolds through the richly observed rituals of work and play, of religious observance and annual festivals, and the details of the changing seasons, of the cycles of birth and death. With deceptive simplicity and eloquence, the author reveals the fundamental workings of human nature as it encounters the extraordinary trials and pleasures, terrors and beauty, of ordinary life. *By the Lake* is John McGahern's most ambitious, generous, and superbly realized novel yet.
