

Chinas Evolving Approach to Integrated Strategic Deterrence

China's Evolving Approach to "Integrated Strategic Deterrence"

Michael S. Chase, Arthur Chan

Drawing on Chinese military writings, this report finds that Chinas strategic-deterrence concepts are evolving in response to Beijings changing assessment of its external security environment and a growing emphasis on protecting its emerging interests in space and cyberspace. China also is rapidly closing what was once a substantial gap between the Peoples Liberation Armys strategic weapons capabilities and its strategic-deterrence concepts.
