

Coding and Cryptography: International Workshop, WCC 2005, Bergen, Norway, March 14-18, 2005, Revised Selected Papers (Lecture Notes in Computer Science / Security and Cryptology)

This book constitutes the thoroughly refereed post-proceedings of the International Workshop on Coding and Cryptography, WCC 2005, held in Bergen, Norway, in March 2005. The 33 revised full papers were carefully reviewed and selected during two rounds of review. The papers address all aspects of coding theory, cryptography and related areas, theoretical or applied.
