

Everybodys Brother

He dresses as Liberace, performs with Muppets, and does 360-degree flips with a grand piano at his fingertips. Hes a genre-breaking artist who has garnered millions of fans. Now, CeeLo Green finally opens up, revealing his personal story and what it took for this underdog to find his voice and maintain his individuality while rising to the top. At times gritty and always truthful, this memoir will be threaded through with some hope, some inspiration, and some advice, along with narration by CeeLos brother from another mother Big Gipp. Everybodys Brother is a theatrical, artistic statement that perfectly captures its memorable maverick author.
