

## Housing + Singular Housing (Spanish Edition)

Reedición conjunta en un único volumen de los libros *Housing* y *Singular Housing* anteriormente publicados por Actar, con la incorporación de algunos proyectos recientes. El libro se enfoca en diversas propuestas residenciales recientes, a la vez que ofrece diversos y sugerentes análisis la vivienda unifamiliar. La primera parte, con una vocación más teórica, se ha centrado en la exploración de las dinámicas de proyecto susceptibles de generar sistemas formales nuevos relacionados con los fenómenos de cambio que experimenta actualmente la ciudad contemporánea. La segunda presenta un conjunto de proyectos y realizaciones paradigmáticos del nuevo abordaje residencial contemporáneo. A lo largo de tres capítulos la casa como envolvente, la casa como artefacto y la casa como paisaje con proyectos, citas e imágenes se plantean las nuevas posibilidades en torno a la arquitectura del hábitat personal.
