

Countdown to the Perfect Wedding (Silhouette Special Edition)

It was the break that chef and single mom Amy Carson was waiting for catering to the culinary needs of a ritzy wedding party. Accidentally spilling powdered sugar all over the groom was her first mistake. Not being able to take her eyes off the devastatingly handsome man when the sweet cloud settled was her second. Tate Darnley approached his nuptials like a business transaction the bride looked good on paper, but romance wasn't a factor. The minute he met attractive, unassuming Amy, he knew there was more to marriage than sealing the deal. Now, as the clock ticked down to his perfect wedding, he had to ask himself which woman would he marry?
