

Early Rider

A kid-friendly concept book about vehicles. What could be more irresistible than puppies? Puppies on the go! William Wegman combines his signature puppy photographs with colorful drawings to showcase puppies in planes, trains, and automobiles, but there are also Weimaraner pups riding pogo sticks, hot air balloons, and skateboards in this playful introduction to vehicles. Read this board book alongside William Wegmans 321Circus! for an entertaining and educational puppy pairing.
