

## One Night With You (Kimani Romance)

And Judge Kendra Rutherford is guilty of letting handsome architect Reid Maguire become a tempting distraction, and allowing his legal battle to become entirely too heated and personal. But after losing his reputation in a bitter courtroom fight with his ex-wife, Reid is determined to clear his name and rebuild his career. Now only the sexy judge presiding over the trial can give him back everything he lost. But she's making it hard for him to keep his priorities straight, especially when their passion and rival ambitions collide, and they're both guilty of losing their hearts.
