

Darknes Tell Us

If you've missed Laymon, you've missed a treat. Stephen King. At a party, six college kids play with a Ouija board - that same one that Professor Dalton swore never to touch again - not after Jake's death. And now a spirit is telling the students about a vast fortune, hidden in the mountains. But surely they won't be stupid enough to head off into the wilderness on the say-so of a toy ...would they?
