

## Tibet 1:400 000 Trekking Map, laminated, GPS-compatible

Tibet 1:400 000 Trekking Map, laminated, GPS-compatible Double-sided, laminated, waterproof and tear-resistant map covers southern Tibet at 1:400 000. Map legend is in six languages: English, German, French, Spanish, Italian and Polish. Sheet size 101 x 49 cm / 39.5 x 19. GPS compatible (WGS84 geographic coordinates) This unique trekking map of the southern part of Tibet stands out for its accurate, detailed topographical and tourism-oriented content. The map has been designed especially for enthusiasts of active leisure pursuits who are planning to set off on a trek in the area of Mount Everest, the Lhasa valley, or Namtso Lake. The map covers the most interesting region of Tibet. The southern edge of the map extends to the southern Chinese border. The northern boundary of the map range is the Tsangpo valley and Namtso Lake. Eastward, the map extends to the Yungbulakang Palace and the town of Tsetang. Trekking routes are highlighted. Symbols show locations of refuges and campsites, as well as locations with tourist accommodation, cultural sites, monasteries, natural attractions and other points of tourist interest, etc.
