

## Dynamic Factory Automation: Creating Flexible Systems for Competitive Manufacturing (Ibm Mcgraw-Hill Series)

A practical book emphasizing the importance of flexible factory automation as a tool in manufacturing competitiveness which highlights the issues associated with implementing automation. Table of Contents: Factory Automation--A Manufacturing Business Tool; Identification, Creation and Analysis of Automation Proposal; The Requirements Specification: The Business Case and How to Sell It; Who Will Do It? Detailed Design; Building the System; Debug and Functional Test; Installation and Commissioning; System in Operation. Index. 150 illustrations.
