

Extreme Arsenal (StonyMan Book 87)

STONY MAN The selfless determination to make the world a safer place and the ability to take the battle to the enemy anywhere around the globe is what separates the warriors of Stony Man from any other tactical defense team. A covert force that answers only to the Oval Office, Stony Man recruits the best people ready, willing and able to use their combat skills and risk their lives to stop the predators in their drive for power. EXTREME FORCE Stony Man has played hard and dirty against the Fascist regimes and death squads of Central America who employ wholesale slaughter to claim supreme power across the region. Now a mysterious enemy is using stunning new technology to turn El Salvador into a bastion of Fascism. Tipping the scales against the most seasoned fighting men on the planet is an army of seemingly invincible killers and a platoon of unstoppable armored vehicles, now on a rampage across the country in an orgy of destruction.
