

Trace Evidence (Cherokee Corners)

SOMEONE WANTED HER DEAD But the only man who could keep proudly independent Tamara Greystone safe was brooding crime scene investigator Clay James, who insisted she do things his way if she wanted to see tomorrow. Terrified by a crazed stalker, the Native American teacher had no choice but to move in with her stubborn, sexy protector. But who would come to her hearts rescue? Because living with this man, touching him, kissing him, was the last thing she needed. And the very thing she wanted.

Dead Certain (Cherokee Corners) - Kindle edition by Carla Cassidy The story in this was unmemorable but Cassidys writing was wonderful. I think I chewed my way though three of her books, all Cherokee Corners in one night.
