

Finding Silver and Gold: Rock-climbing off Highway 138

What is it like to rock climb, without the safety of ropes, relying solely on your decision-making and route selection skills?

Do you ever think about falling? What about rattlesnakes? What about loose rocks and slippery dirt? What about cacti and scratchy bushes? A friend asked me to tell my story, so I did. You will find 77 photos of the challenges I faced, as well as the scenery that is only seen when scaling and scrambling and climbing. I think that you will enjoy this book, and maybe, if you're brave enough, it will encourage you to try rock-climbing yourself.
