

## Finding Dr. Right (Silhouette Special Edition)

When will you take a chance? It was a question Catherine Wilson had asked herself when would she stop worrying about her son and start focusing on life? The truth was she was scared her son would relapse; scared she had forgotten how to live; scared the emotions one particular man brought to life would lead to heartbreak. Catherine wanted to be brave. And accepting Nathan Connors into her family's life was one of the toughest decisions she had to make. Because if she wasn't careful, Nathan would not only make Catherine believe in herself again but also in love.
