

Finnegans Week

Fin Finnegan, a San Diego police detective and wannabe actor heading straight for a midlife meltdown, is assigned a routine truck theft that turns into a toxic chemical spill, setting off a bizarre chain reaction of death and murder on both sides of the Mexican border. Fin is forced to team up with Nell Salter, a sexy female investigator, as well as an equally fetching US Navy investigator who wants to learn all that Fin can teach her and that's saying a lot. The New York Times Book Review called it a frolic, a joy, a hoot, a riot of a book. And Entertainment Weekly said, superbly crafted and paced, deliciously funny, but fundamentally, as always, deadly serious.
