

Fire And Ash

A teenage girl blindly embracing her family's legacy to hunt supernatural creatures must reconsider the truth of everything she has ever been told when a mysterious family carrying heavy emotional baggage and a deadly secret moves to her small town. With a kickass female protagonist, an ancient feud, and a swoon-worthy romance, Fire and Ash is MTV's Teen Wolf meets Romeo & Juliet. It offers murder, mystery, myth, and suspense in a modern high school setting. Reviews:

Fire and Ash will take you on a thrilling, spell-binding, dark ride that will keep you on the edge of your seat as it explores first loves, deeply ingrained prejudices, and long standing feuds! It is an enthralling mix of paranormal, contemporary, and suspense! Fire and Ash offers the perfect blend of suspense and swoon-worthy romance. It is a contemporary story with a paranormal edge! Great start to a new series! I love the smart-assed-ness of the characters! Who wouldn't fall in love with the hot, dark, and brooding Derek Jensen! Ash is a kickass female protagonist that knows how to hold her own. She's definitely no delicate snowflake!
