RAINING HELLFIRE A deadly series of lightning strikes confounds experts and pits Mack Bolan against a new kind of terror that comes out of the sky. The death toll spreads as a plane loaded with innocent victims is blown apart, an office building ignites, killing hundreds, and refinery and munitions factories burst into fireballs. Whoever's responsible leaves no fingerprint. And the strikes continue unpredictable, undetectable and unstoppable. Posing as the front man of a rival terrorist organization claiming responsibility for the attacks, Bolan lures the enemy Iraq's Republican Guard out of the shadows. And by coaxing them to put this latest lethal incendiary weapon on the black-market auction block, traitorous old friends and reformed enemies converge right into the center of Bolan's crosshairs.
