

Killer Librarian

Dont miss the beginning of the Karen Nash series with the charming first book, Killer Librarian, which Booklist praised as engaging and Library Journal called a fun, gentle puzzler. FILE M FOR MURDER... Champion of the mystery section at a small-town Minnesota library, Karen Nash is about to embark on a dream trip to London a literary tour inspired by every murderous intrigue, wily suspect, and ingenious crime found in the pages of the British mysteries that she devours. But shes clueless why the love of her mid-life, Dave, would dump her hours before takeoff until she spies him at the airport with a young honey on his arm! She decides the best revenge (for now) is to get on that plane anyway...and entertain schemes for Daves untimely demise while crossing the pond. After touching ground in the hallowed homeland of Christie, Sayers, and Peters, she checks into a cozy B & B run by charming bibliophile Caldwell Perkins. Soon shes spilling tears in her pint at the corner pub, sharing her heartbreak saga with a stranger. That night, a B & B guest drops out of circulation permanently. And when Dave and his cutie turn up in London, Karen realizes they are an assassins target. With the meticulous attention to detail that makes her a killer librarian, Karen sleuths her way through her own real-life mystery in which library science meets the art of murder.
