

Funnyball: Observations from a Summer at the Ballpark

Hilarious highlights from the Red Sox 2004 season Foreword by Tom Caron, NESN Red Sox Host From the foreword by Tom Caron; When the Red Sox won the World Series, someone said they were waiting for the other eleven signs of the Apocalypse to appear. Here's one more: Jimmy Dunn wrote a book. After all, Jimmys probably only READ four or five of them in his life. And now he's an author? Miracles really do happen. I first met Jimmy ten years ago, and have been laughing at him ever since. Or is that with him? Either way, you get the point. The man is funny. His standup is top-notch. You'll never find a more hard-core Red Sox fan, either. Any guy who has 'dontblamebuckner' as part of his email address takes it a little too seriously, don't you think? Jimmy spent the 2004 Red Sox season as the fan-in-the-stands/sports travel consultant for our pre-game show. His pieces were some of the funniest, most off-beat stuff we ever aired. He took our towns like Toronto, San Francisco, and New York and let Red Sox Nation know how to travel and party in style on the road to a championship! I'm still waiting for his travel tips on Tampa Bay, however. Some day, his Red Sox Hawaiian shirt will probably sell for more on eBay than a World Series ring... Why read this book? Because it's funny.
