

Daughter of Chaos (Red Magic)

There comes a time in every witch's life when she must choose her path. Darlena's friends have already chosen, so why is it so hard for her to make up her mind? Now, Darlena is out of time. Under pressure from Hecate, the queen of all witches, Darlena makes a rash decision to choose Red magic, a path no witch in her right mind would dare take. As a Red witch, she will be responsible for chaos and mayhem, drawing her deep into darkness. Will the power of Red magic prove too much for Darlena, or will she learn to control it before it's too late?
