

Lipouts. . .the best I could do from the first two years

Award-winning golf course architect Nathan Crace spent more than ten years writing about his humorous take on the game of golf and the people who play it in his reoccurring column Lipouts that appeared in regional and national golf publications. Now hes gone back and hand-picked his favorite columns from the first two years of writing and followed each one up with his current take on how things have changed. . .or not. The result is a collection of humor, reflection, and true stories that will make you sit up and think twice about the game millions play each day. Lipouts. . .the best I could do from the first two years is a light hearted look back by a man who challenges us all not to take the game (or life) too seriously.
