

## What I Learned About Politics: Inside the Rise-and Collapse-of Nova Scotias NDP Government

On October 8, 2013, Nova Scotias NDP government went down to a devastating election defeat. Premier Darrell Dexter lost his own seat, and the party held the dubious distinction of being the first one-term majority government in over 100 years. In this new memoir, former NDP finance minister and MLA Graham Steele tries to make sense of the election result and shares what hes learned from a fifteen-year career in provincial politics. In his trademark candid style, Steele pulls no punches in assessing whats rightand whats often wrongwith our current political system. Includes an insert of colour photographs and a foreword from CBC Information Morning host Don Connolly.
