

great spaces: cabins

Small spaces maximized by internationally renowned architects. From the author of the popular *Great Spaces: Small Houses*, *Great Spaces: Cabins* features more than twenty-five examples of cabins that go way beyond the simple, homespun connotations of that word. Abe Lincoln probably would not have felt at home in these sophisticated yet small cabins, all maximized to make the most of their limited space. In-depth technical commentary, contributed by the internationally distinguished architects, is supplemented with rich color photos, floor and site plans, and sketches. Cozy up to *Great Spaces: Cabins!*
