

Out of the Shadows: The True Story of Dominic Negus

That reputation has been well earned. A world champion in both the professional and unlicensed circuits, Dominic made headlines after infamously head butting Audley Harrison when the pair clashed at Wembley. Dominic has an impressive ring record against some of the toughest guys in boxing but he has also lived a violent lifestyle outside the ring and has been arrested in connection with an armed kidnapping. But what goes around comes around. Dominic was to find that out to his cost when three masked men burst into the changing room at the gym where he had been working out. While one of the men pointed a gun at Dominics trainer, the others set about Dominic with an axe inflicting life-threatening injuries. The attack was the turning point for Dominic and now he claims he has turned his back on his violent lifestyle. Can a man with a violent reputation like Dominic really become a respectable member of society? Hes determined to try but, for someone who has lived life in the shadows for so long, only time will really tell. This is his amazing story.
