

House / Furniture / Objects

This three-volume boxed set focuses on LaRosa's highly individual, richly complex vision of design and craftsmanship through a broad range of completed domestic projects. Each volume looks at a different aspect of his career. His architecture, his furniture, and his objects are meant to engage the viewer in known rituals or contemporary allegories of the spirit. A wonderful consistency is revealed from one scale to the next. All of the work utilizes the effort of craftsmen and the articulate rendering of material.
