

Brand New Cherry Flavor: A Novel of the Occult

In the world of Hollywoods panderers, philanderers, has-beens, and sycophants, aspiring screenwriter and director Lisa Nova considers herself a rising star who can transcend the lies, cheating, and hypocrisy for the sake of her art. When she is coldly betrayed by one leering producer too many, she turns to Boro, the enigmatic leader of a local biker gang, to exact vengeance and she gets more than she bargained for. It begins with the strange tattoos that appear overnight on her skin like stigmata, followed by the hallucinations of ancient cults of the undead. Lisa soon finds herself contending with white jaguars and cannibalistic demons rising from the grave, and the lines between dreams and reality quickly dissolve in this surreal and exhilarating blend of satire and the macabre.
