

The Better Mousetrap

It touches all our lives—our triumphs and tragedies, our proudest achievements, our most traumatic disasters. Alloyed of love and fear, death and fire, and the inscrutable acts of the gods, insurance is indeed the force that binds the universe together. Hardly surprising, therefore, that Frank Carpenter, one of the foremost magical practitioners of our age, felt himself irresistibly drawn to it. Until, that is, he met Jane, a high-flying corporate heroine with an annoying habit of falling out of trees and getting killed. Repeatedly. Its not long before Frank and Jane find themselves face to face with the greatest enigma of our times: When is a door not a door? When its a mousetrap.
