

Ethereum: A look into the world of Ethereum and how to trade and invest this cryptocurrency!

I want to thank you for downloading the book, Ethereum Trade and Investment. This book contains all the information that you need to know about Ethereum in a compact and to the point format. The book is targeted toward people who love to learn about investing, trade and new money making opportunities. The book begins with a look at what cryptocurrency is and how it all came about. This gives you an idea of the meteoric rise of Bitcoin and shows the potential opportunity that Ethereum holds. The book then goes into what Ethereum is and what you would need to start with this new cryptocurrency. As with any cryptocurrency, Ethereum has its advantages and disadvantages. I go into detail explaining these as I've invested in Bitcoin in the past. The book ends with final thoughts on where Ethereum could go and some general projections about this exciting cryptocurrency.
