

Oncology Nursing Review

Oncology Nursing Review, Fifth Edition is an essential learning tool to help oncology nurses preparing for certification and/or recertification. Completely revised according to the latest OCN Test Blueprint, it provides nearly 1,000 practice questions with comprehensive rationales. New to this edition are helpful page references to the classic text *Cancer Nursing: Principles and Practice, Seventh Edition* for more detailed information to help you prepare for the exam. Organized according to the 11 areas tested on the OCN Test Blueprint:

- * Health Promotion and Disease Prevention
- * Screening, Early Detection and Diagnosis
- * Scientific Basis for Practice
- * Cancer Treatment Modalities
- * Symptom Management
- * Psychosocial Dimensions of Care
- * Oncologic Emergencies
- * Sexuality
- * Survivorship
- * End of Life Care
- * Professional Performance

Don't forget to visit our new nursing certification website:

www.NursingCertificationSuccess.com

Included with the book is an online access code for JB TestPrep, our Online Interactive Testing Program, to help you pass the exam.
