

Tornado Down

RAF Flight lieutenants John Peters and John Nichol were shot down over enemy territory on their first airbourne mission of the Gulf War. Their capture in the desert, half a mile from their blazing Tornado bomber, began a nightmare seven-week ordeal of torture and interrogation which brought both men close to death. In Tornado Down, John Peters and John Nichol tell the incredible story of their part in the war against Saddam Hussiens regime. It is a brave and shocking and totally honest story: a story about war and its effects on the hearts and minds of men.
