It makes their books completely unreadable. How is this book unique? Unabridged (100% Original content) Font adjustments & biography included Illustrated About Just So Stories by Rudyard Kipling The stories, first published in 1902, are pourquoi (French for why) or origin stories, fantastic accounts of how various phenomena came about. A forerunner of these stories is Kiplings How Fear Came, included in his The Second Jungle Book (1895). In it, Mowgli hears the story of how the tiger got his stripes. The Just So Stories typically have the theme of a particular animal being modified from an original form to its current form by the acts of man, or some magical being. For example, the Whale has a tiny throat because he swallowed a mariner, who tied a raft inside to block the whale from swallowing other men. The Camel has a hump given to him by a djinn as punishment for the camels refusing to work (the hump allows the camel to work longer between times of eating). The Leopards spots were painted by an Ethiopian (after the Ethiopian painted himself black). The Kangaroo gets its powerful hind legs, long tail, and hopping gait after being chased all day by a dingo, sent by a minor god responding to the Kangaroos request to be made different from all other animals.
