

Play Golf to Learn Golf

Play Golf to Learn Golf has been referred to as the most unique, useful and ground breaking book ever published in the golf industry. With over 30 years of coaching experience, Michael Hebron helps readers to understand the difference between learning versus teaching environments and how the application of learning techniques can significantly enhance your ability to make progress with any sport including your game of golf. PGA Teacher of the Year and Master Professional, Michael Hebron, combines the nature of the golf swing and playing the game of golf with research into the nature of learning and neuro learning. Michael has been invited to talk about acts of learning and teaching at Yale University, MIT, on the Charlie Rose Show, and numerous school districts. With the assistance of research from leading educators and scientists, Michael has studied brain compatible learning principals for over two decades.
