

Lets Get Lost

Some girls are born to be bad...Isabel is one of them. Her friends are terrified of her, her teachers cant get through to her...her family doesnt understand her. And thats just the way she likes it. See, when no one can get near you, no one will know what keeps you awake at night, what youre afraid of, what has broken your heart...But then Isabel meets the enigmatic Smith, who can see right through her act. Bit by bit he chips away at her armour, and though she fights hard to keep hold of her cool, and her secrets, Isabels falling for him, and coming apart at the seams when she does...A poignant, sometimes dark, and utterly heart-breaking novel, told with all the authors trademark wit and sharp observation...
