

## Littlejohns House of Fun: Thirteen Years of (Labour) Madness

Following his Sunday Times Number 1 bestseller, Littlejohns Britain, the Daily Mails most successful columnist delivers the coup de grace to New Labour, as the nation prepares to vote them out of office. He is not only tough on Brown and the causes of Brown, but devastatingly funny about Elf and Safety, Yuman Rights, the Surveillance Society and all the bureaucratic absurdities that make modern life worse than anything George Orwell ever imagined. Littlejohn has been ...a vivid exponent of a great British columnar style that stretches back five centuries or more. Hes a distant, bastard cousin of Thomas Nash, Daniel Defoe and Alexander Pope. Cassandra and Bernard Levin might justly buy him a pint in the Chesire Cheese. Like or loathe him, hes the real, talented deal - Observer.
