

Livewire: Investigates

In order to ensure accessibility and readability, Hodder & Stoughton have worked with The Basic Skills Agency on Livewire - a series of reading material with a teenage/adult interest level for those with reading ages below ten, or for adult students of English as a foreign language. Livewire offers teenagers and adults appropriate fiction and non-fiction which is graded at reading ages 6-7, 7-8, 8-9 and 9-10. The books aim to engage the interest of the reader in a motivating and non-patronizing way and lead him or her towards the attainment of a higher reading level. All Livewire books are written by experienced special needs teachers. This Livewire Investigates title looks at being a DJ, and is colour-coded for the appropriate reading age (7-8 or 8-9).
